Jocelyn Atwell

JUNIOR FULL STACK DEVELOPER

As a recent data science graduate, I possess a diverse skill set in web and mobile application development, cultivating expertise in React JS, React Native, Node JS, and Firebase. During my time at Capption and MLab, I demonstrated my ability to perform data analysis, create cloud-based solutions, and contribute to both front-endand back-end development. My GitHub portfolio showcases projects, and my proficiency in UI/UX design using Figma. I am committed to continuous learning, viewing challenges as opportunities for growth, and aspire to add value to any corporate institution.

Jocelyn Atwell
